## Trade Sales of New and Used Static Caravans

Ian James Caravans has an established trade sales record over many years. As well as the UK we also regularly sell and export static caravans to traders in Ireland, France, Holland, Spain, Poland and Scandinavia.

If you are a trader and would like to visit to view our stock of over 40 new and used static caravans at our Somerset showground we can arrange to collect you from either Bristol or Exeter Airport.

We can either arrange transport to the docks or provide a quote to include all ferry costs, transport permits, wide load escorts and delivery to your chosen site.

## Export of Used Static Caravans

If you live overseas and are either building or renovating a property, have a caravan site or would like a caravan to use as a second home then we can also supply your static caravan.

Again this can either be priced with transportation to the docks or we can quote to include all ferry costs, transport permits, wide load escorts and delivery to your chosen location.

We can supply throughout Europe and further afield as required.

## **Typically 50+ New and Used Static Caravans To Choose From**
